MEDICAL CENTER  
**Blood Bank**  
299 Carew Street, PO Box 9012  
Springfield, MA 01102-9012

**Mercy**  
MEDICAL CENTER

**While less than five percent of the population donates blood, 90 percent of us will need a transfusion at some point in our lives.**

**There are many patients requiring this life-giving resource:**

- Trauma or accident victims
- Severe burn patients
- Cancer treatment patients
- Patients requiring surgery

Mercy's Bloodmobile is a convenient way for your business, organization or church/temple to serve the community by restoring our blood supply.

By donating on a regular basis, you are helping to build and sustain this vital resource for our community.

**Mercy's Bloodmobile includes:**

- Private interview booths
- Four comfortable contour donor chairs
- Juice and snack area

Mercy Medical Center's Bloodmobile is available to visit your business, organization or church/temple for groups of 15 or more donors. We also have a second smaller Bloodmobile that can accommodate smaller groups of 6 to 12 people. Our mobile donor centers does not require indoor space or volunteers and the average donation time is 45 minutes per donor.

**In appreciation for helping restore our community's vital blood supply, donors will receive:**

- A mini-physical including a blood pressure check
- Complimentary cholesterol screening
- Complimentary thank-you gift
- Refreshments
- Satisfaction of knowing they helped save a life

*For more information about Mercy Medical Center's Bloodmobiles or to schedule a blood drive, please call Mercy Medical Center's Blood Bank Marketing Coordinator at 413-748-9406.*
