Directions

1. Fill in all current Rx and non-Rx medications, herbals, vitamins, add new drugs, cross out those no longer used.
2. Show your Personal Medication Profile to the pharmacist when you have a new prescription or are planning on buying a non-prescription medication.
3. Carry the profile with you. Show it to your physician or other health care worker, especially when you come to the hospital.

Mercy Medical Center is a member of the Sisters of Providence Health System and Catholic Health East, sponsored by the Sisters of Providence.
